

What does CitySongs Mean to You?

I've been in CitySongs for about 3 1/2 years now. It's taught me a lot about myself. I mean, I knew I was a good singer, before I started, but being in CitySongs made me realize that I was better than I thought. The staff; I could say they ~~were~~ are nice, but that wouldn't begin to cover it! The songs; well they're great, too! I've met some great friends and have traveled and performed at very unique places. Being in CitySongs has given me a lot of opportunities ~~and~~ I wouldn't have had.

To me citysongs has brought courage, and the ability to make new friends. CitySongs is a merry fun group for kids who are interested in singing and dancing. This year I made like, 5 new friends, Debra, Hannah, Ashley, Alicia, Anami and a lot more people too.
